

Wisemans Ferry Drive

Sunday, October 24, 2021

With the recent announcements advising of the easing of travel restrictions, we are very excited to be able to plan our first Greater Metropolitan Sydney club run.

We will meet and start the run at the **Cowan Rest Area** on the Old Pacific Highway just past Berowra. **Meet at 9.00am for a 9.30am departure.**

Heading north along the old Pacific highway we'll head up Peats Ridge Rd with a short stop for coffee at Central Mangrove. The route then takes us down the winding and beautiful Wisemans Ferry Road, via Spencer, before we then take the car ferry across the Hawkesbury River to Wisemans Ferry itself. Here we'll stop for a longer break before continuing on to Galston, through the Galston Gorge and heading home via Hornsby.

Total distance run from Cowan rest stop to Hornsby is approximately 105 km. (A perfect coincidence if you happen to be driving a 105 series Alfa).

In compliance with Covid-19 restrictions and standing Health Orders, RSVP is essential and limited to 30 members who are fully vaccinated. Please be prepared to show proof of your vaccination status as stated in the current Health Orders. Heavy penalties apply to individuals who do not comply and may impact our club.

In the event the 9.00am group is oversubscribed, a second group departure will be arranged for a departure at 10.30am.

RSVP to Ric Bonomo Ph. 0450833252 or ric.bonomo1@gmail.com by October 20. Please confirm your full name(s), membership number(s).

We look forward to a seeing you and your Alfa Romeo for this long awaited special day.

Ric Bonomo
General Committee.
